SPRING FOREST

Derived from a desire to capture people's love of greenery in the bathroom, Spring Forest strikes the perfect balance between delicate floral design and a contemporary colour palette. Inspired by the deco tiles found in 1930s bathrooms, the graceful pattern of green and grey foliage has been purposefully hand drawn to look as though it has fallen randomly over the ceramic piece, in a very natural setting. The result is a unique design that will enhance traditional bathroom suites of all types.
