Burlington®

Freestanding Basin Unit with drawers **FF9**
1300 Freestanding Vanity Unit with Drawers **FC10**
Drawer unit and two round corner units **FC4**

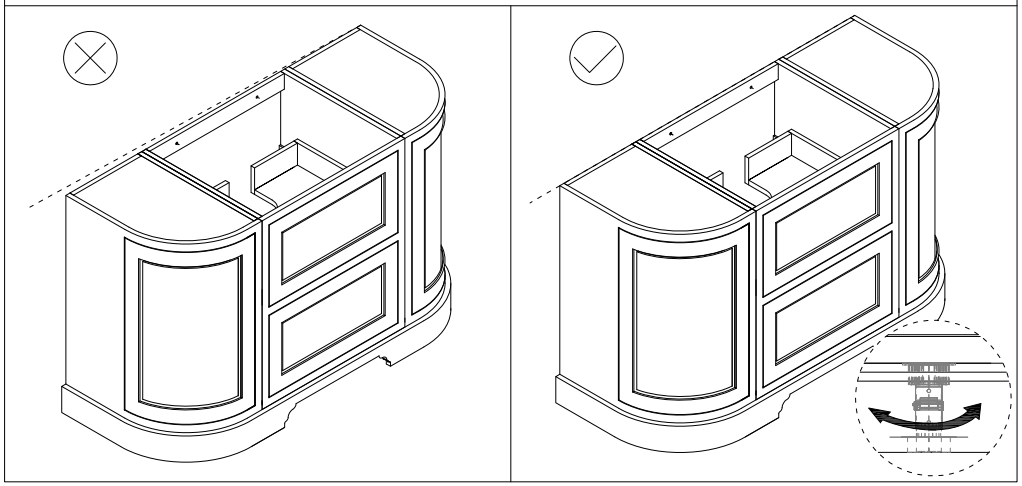

IMPORTANT: This unit must be securely fixed to a wall. Ensure that the top is horizontal before marking the wall for fixing. The wall fixings supplied may not be suitable for your installation. You may need to source alternatives depending on the material and strength of the wall you are fixing to.

Buffers are supplied to stop the crash of the doors and drawers. These can be fitted if necessary.

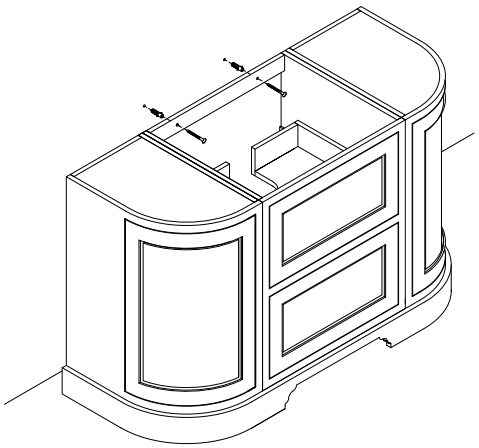

Parts Supplied:

						
FF9	2	2	2			
FC10	4	4	4			
FC4	2	2	4	8	4	2

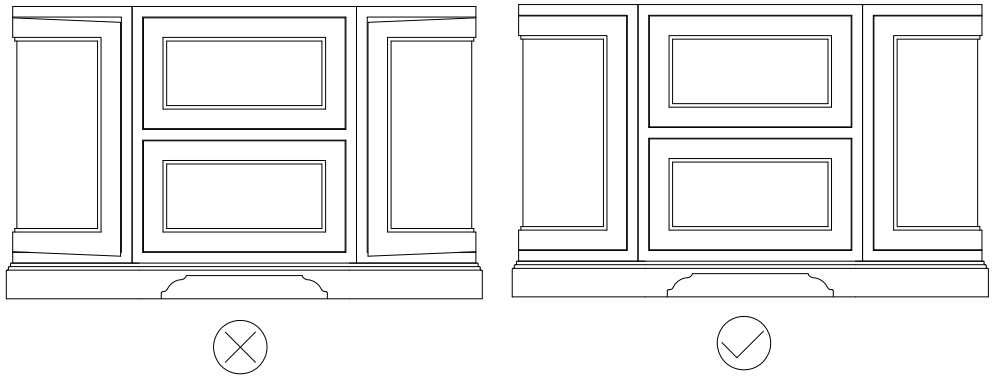

- Place the cabinet in final position, and check for level. If not, please adjust the feet at the bottom of the cabinet.

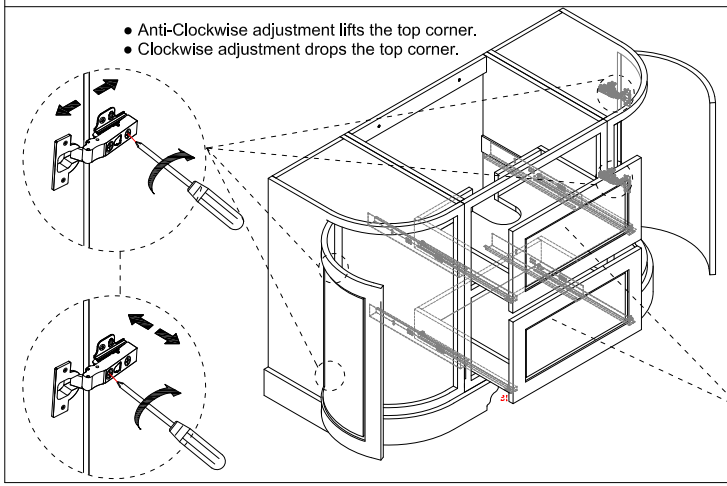

- Fix the cabinet onto the wall.

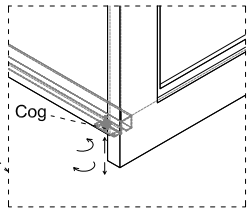

- Check the door or drawer for level. If not, please adjust the screw on the hinge or adjust the cog on the runner.

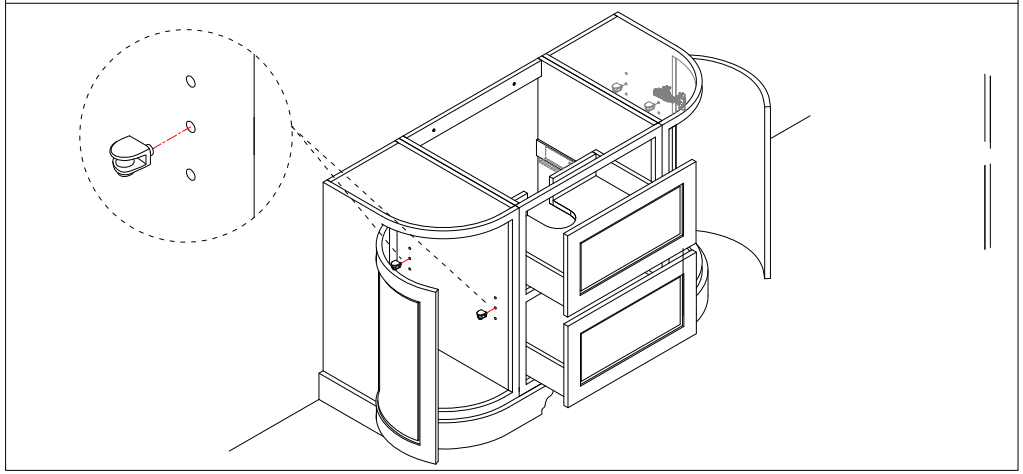

- Check the door/drawer for level. If not, please adjust the screw on the hinge or the cog in the runner.
  - Anti-Clockwise adjustment lifts the top corner.
  - Clockwise adjustment drops the top corner.

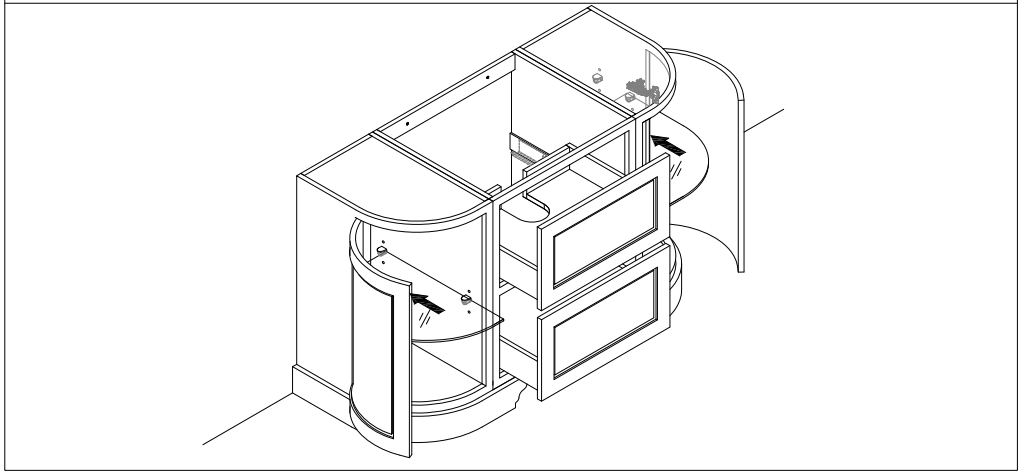

- If necessary, the drawer can be adjusted up / down by turning the cog clockwise / anticlockwise.

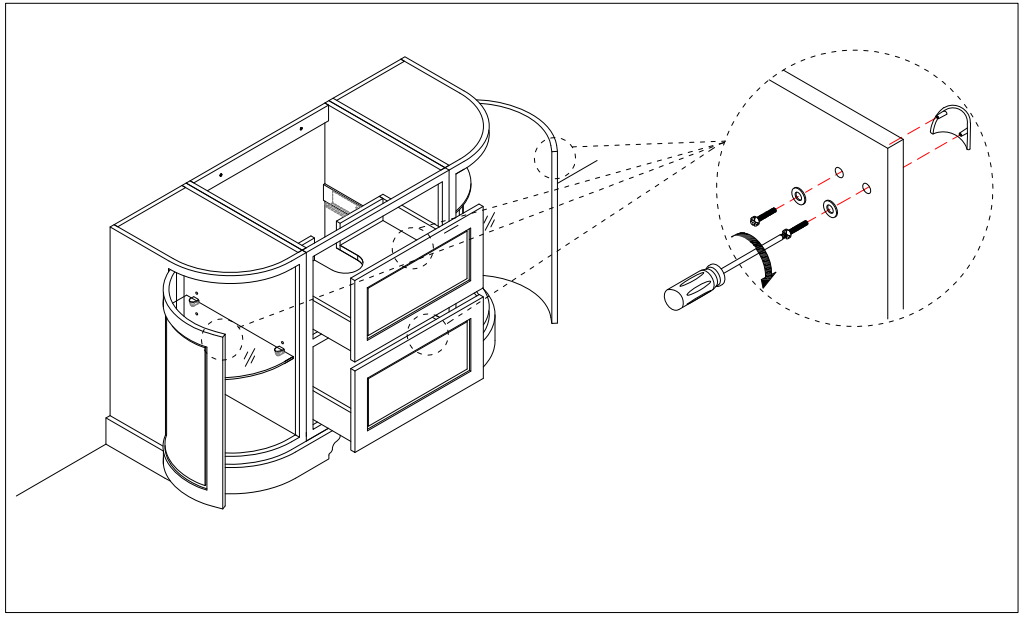

- Please plug in plastic clamp in the proper position.

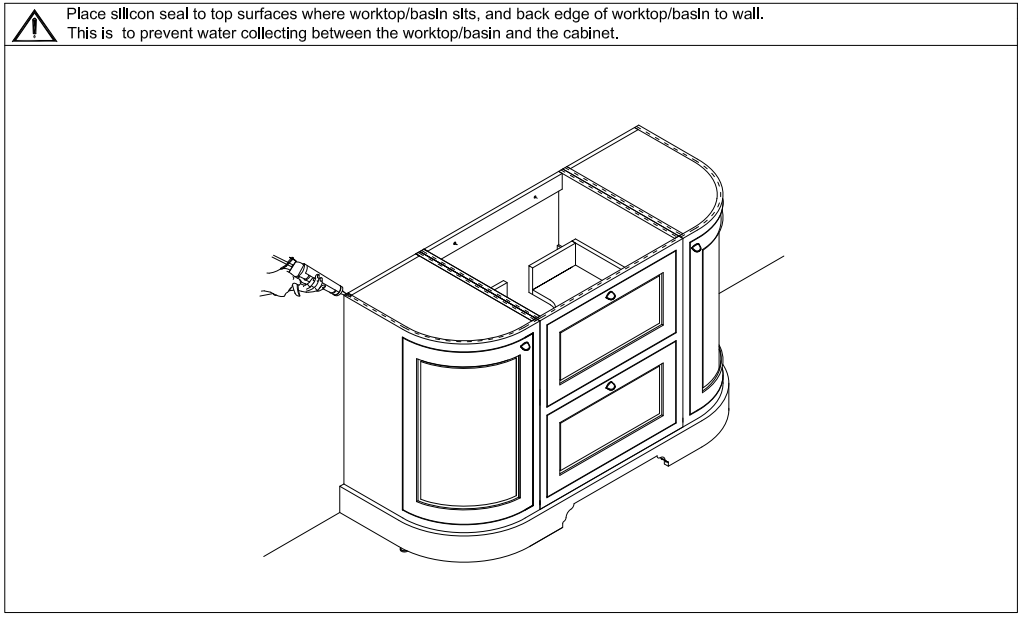

- Insert the glass shelf (Please remove the protecting film before installing the glass shelf.)

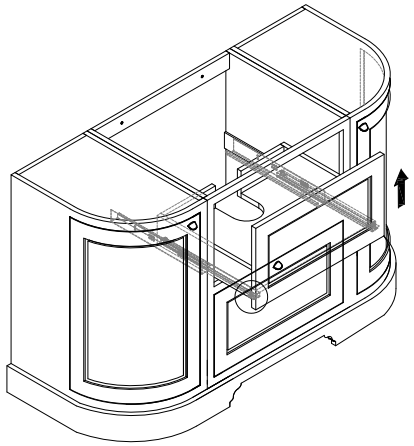

⚠ Place silicon seal to top surfaces where worktop/basin slts, and back edge of worktop/basin to wall.
This is to prevent water collecting between the worktop/basin and the cabinet.

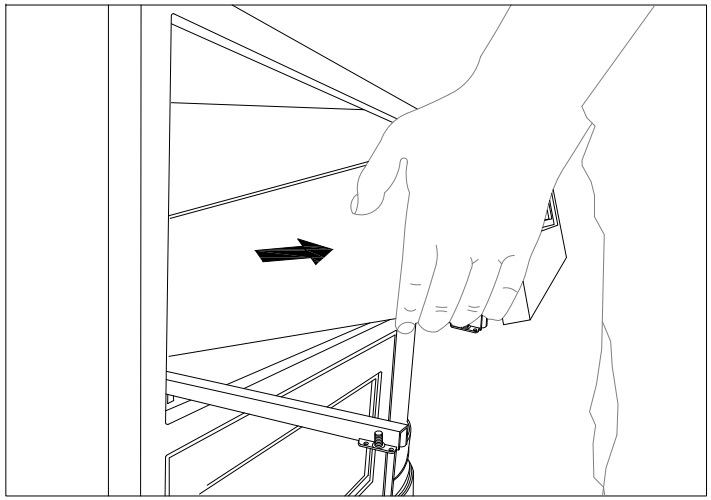

Care and Maintenance: This is a wood product, and has a water resistant finish. It should not be left wet, and the quality of the finish is best maintained if it is wiped with a dry cloth after use. It should only be cleaned using a soft damp cloth followed by a dry cloth. Do not use bleach or any abrasive cleaner.

Please follow the below instruction to replace the drawer.

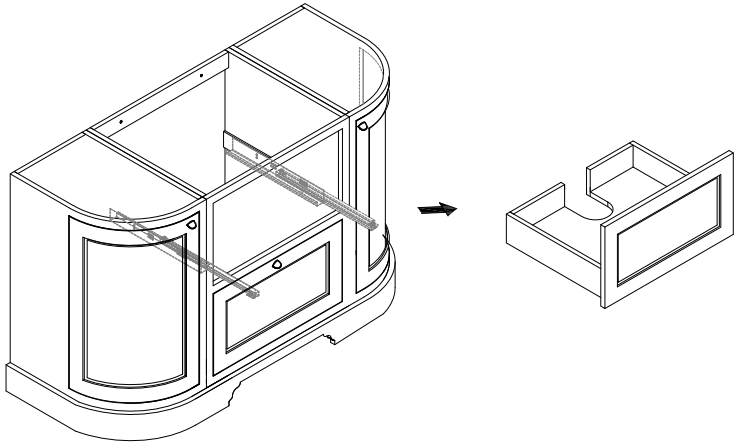

- Open the drawer.

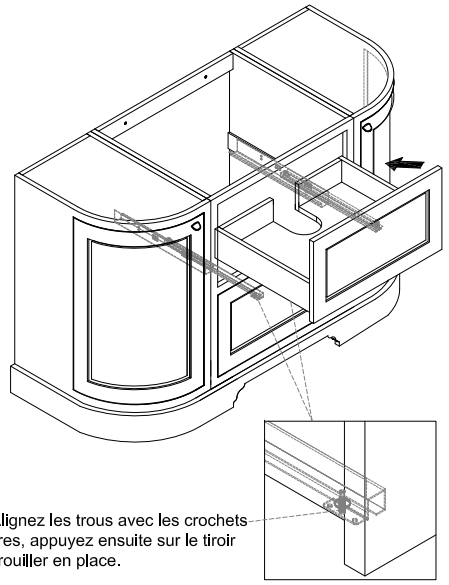

- Hold the drawer and then lift it up. Please note not to hold the runners.

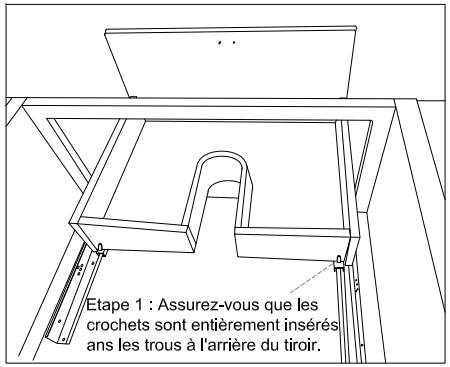

- Retirez le tiroir du meuble.

- Assemblez le nouveau tiroir. Placez le tiroir sur les barres de charnières, ensuite suivez les étapes ci-dessous.

Etape 2 : Alignez les trous avec les crochets sur les barres, appuyez ensuite sur le tiroir pour le verrouiller en place.

Etape 1 : Assurez-vous que les crochets sont entièrement insérés ans les trous à l'arrière du tiroir.
