

**Tools required:**

**Important**

- Installation should be completed by a suitably competent person.
- The wall fixings are not supplied. The installer needs to source the suitable wall fixings depending on the material and strength of the wall.
- The bracket has two installation options.

<p><b>1</b> Option1: Fixing to the solid wall.</p> <p>Rag bolt holes Ø11mm x4</p> <p>Recommended height 870mm Please check with bathroom owner!</p>	<p>4x</p>		<p><b>2</b></p>
<p><b>1</b> Option2: Fixing to in-wall basin frame.</p> <p>Ensure the in-wall frame has been installed properly.</p>			<p><b>3</b></p> <p>Please make sure the basin tap has been installed properly before apply silicon if needed.</p>
