## FUTURE CARE

Please read these instructions carefully and keep in a safe place for future reference. The product is nickel/chrome plated solid brass with polished stainless steel screws. The product should only be cleaned with soapy water, and dried with a soft cloth.

## MAINTENANCE

The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your product looking beautiful. Do not use cleaners containing ammonia, bleach or acid. Avoid scratching the surface with hard objects, and use only a soft cloth to wipe.

If soap dispenser is blocked due to dried soap we recommend to remove plastic pipe, rinse under warm water and soak handle for a few hours underneath warm water. Re-install and prime using soap.

## INSTALLATION INSTRUCTIONS

The product should be installed by a professional, following the recommended installation instructions.

Please follow the diagrams to install the accessories onto the wall.

Tools required:

 <p>Flat-Head Screwdriver</p>	 <p>Pencil</p>
 <p>Drill with 6mm or 1/4" drill bit</p>	 <p>Hammer</p>

①

Determine the final installation position, mark the mounting hole positions in pencil.

②

Using a 6mm or 1/4" drill bit, drill holes in the marked positions.

③

Insert the wall anchors into the drilled holes.

④

Use the flat-head screwdriver and the stainless steel screws to secure the base to the wall. Please ensure that the slot on the screw heads are horizontal.

⑤

Insert the basket body into the base. Tighten it using the allen key supplied.
