

Burlington®

BATHROOMS AND BURLINGTON

Burlington enables homeowners to create bathrooms with the classic forms and finishes from the past but made to modern quality and performance standards.

Early bathrooms were fairly rudimentary affairs, with basins and toilets made from earthenware, baths in copper, tin or cast iron, and taps just simple brass castings. Then in the late Victorian period, improved plumbing and higher quality materials became available. During the Edwardian era, fitted indoor bathrooms began to appear in homes across the land, although it would be another 20 years or so before they became the rule, rather than the exception.

At the turn of the 20th Century, bathroom product design was still in its infancy, and form was still subservient to function. Shapes were square and geometric, with deep upstands on washbasins and large feet on pedestals. More rounded, opulent designs began to appear in the years immediately before the First World War, reflecting the art and architecture of that carefree, innocent time now known as la belle époque.

Burlington's designs have enabled homeowners to create bathrooms with the authentic outlines, forms and finishes of this pivotal period in history. The Victorian and Edwardian models faithfully capture the original designs in all their robust, timeless, seemingly everlasting glory. The Burlington Classic basin, for example, is a perfect reproduction of the 'Cliffe Vale' washbasin, originally produced in 1896. The Arcade collection recreates the more elegant, sophisticated designs that emerged during those peaceful, prosperous pre-First World War years, whilst the Riviera Collection offers precise, geometric forms and subtle linear detailing perfectly capturing the classic 1920s style.

In an age of minimalism and stark, functional spaces, Burlington offers a sanctuary for those who seek the comfort, familiarity and reassurance of more traditional styling. It's a great choice for renovation and replacement projects, and increasingly popular in new-build settings. As well as ceramic, baths and brassware, the range includes beautifully designed towel radiators, glass shower enclosures, accessories and furniture.

Burlington brings the finest quality complete traditional bathroom ranges with genuine and inspired designs from the late 19th Century through to the 1930s.

TECHNICAL DIRECTORY

Hampton 1500mm bath with traditional feet | Single bathscreen | Tay exposed shower with 9" shower head | All fittings, brassware and accessories are in Chrome

RUSTIC CHARM

Comforting. Warm. Organic.

Drawing on natural beauty, rustic bathrooms celebrate imperfections and welcome character into the home. A style where simple designs reign, rustic bathrooms unite stone, wood and other nature-inspired elements with a muted colour palette to bring individual charm. An enticing array of colours, textures and traditional fittings, rustic bathrooms effortlessly inspire comfort and contentment with their sense of familiarity.

Hampton 1500mm bath with traditional feet | Single bathscreen | Tay exposed shower with 9" shower head | Edwardian 560mm basin with full pedestal | Three tap hole mixer with Kensington handles | Towel ring, WC roll holder and WC brush holder | Distressed aluminium frame mirror | Round lights with vase glass shades | Regal close coupled WC with lever | Soft close seat, Oak | Bloomsbury radiator | All fittings, brassware and accessories are in Chrome

WARMING NEUTRALS

Subtle. Soothing. Mellow.

Famed for their restorative properties, warming neutrals can help evoke positive emotions with their soft, balanced hues. A popular choice in classic and contemporary bathrooms alike, warming neutrals lay the perfect foundation for any era of design with a look that is set to remain timeless. A perfect pairing with expressive coloured finishes as much as minimalist designs, warming neutrals provide complete contentment without having to compromise on a look that dates.

Curved 1340mm freestanding vanity unit with doors, White with Minerva Carrara marble worktop | Three tap hole mixer with Kensington handles | WC roll holder | Arched mirror | Ornate lights with vase glass shades | Standard 520 medium level WC with flush pipe and lever | Soft close seat, White | All fittings, brassware and accessories are in Chrome

Clockwise: Classic 510mm square basin with washstand | 3" pillar taps with Claremont handles / Classic 650mm rectangular basin with distressed aluminium washstand | 5" pillar taps with Claremont handles | Distressed aluminium frame mirror / Admiral 1650mm bath | Deck mounted bath shower mixer with Kensington handles | Stand pipes | All fittings, brassware and accessories are in Chrome

Right: Arcade 500mm cloakroom basin | Mini single basin mixer with crosshead lever / Above: Arcade 900mm basin with stand | WC roll holder | Arcade back to wall close coupled WC | Soft close seat, Gloss Black | All fittings, brassware and accessories are in Chrome

Chalfont 750mm vanity unit Black with large roll top basin, Gold legs and handle | Mono basin mixer with Claremont handles | Towel ring | All fittings, brassware and accessories are in Gold

MODERN TRADITIONAL

Original. Timeless. Iconic.

A seamless blend of classic and contemporary, modern traditional bathrooms unites extraordinary eras of design to instil newfound comfort. Revolving around an assortment of textures, colours and styles, modern traditional bathrooms can be as classic or contemporary as desired to match individual preference. Beautifully paired with Chrome, Gold or Nickel, modern traditional bathrooms create design freedom with a look that lasts.

Chalfont 750mm vanity unit Black with large roll top basin, Gold legs and handle | Mono basin mixer with Claremont handles | Towel ring | Standard 520 low level WC with flush pipe, lever and cover caps | Soft close seat, White | Avon exposed shower with 9" shower head | All fittings, brassware and accessories are in Gold

Edwardian 1200mm double basin with washstand | Three tap hole mixers with Claremont handles | Towel rings | All fittings and accessories are in Gold

TIMELESS GOLD

Opulent. Indulgent. Ornate.

Traditionally associated with power, wealth and success, Gold bathroom finishes hark back to Victorian and Edwardian eras to emphasise indulgence at its finest. Fast forward to recent years and Gold finishes continue to adorn bathrooms to this day, adding a warming touch to classic and contemporary settings alike. A rich and decadent colour, a Gold finish promises a sophisticated statement to complement a wide array of colour palettes.

Edwardian 515mm cloakroom basin with washstand | 3" pillar taps with Claremont handles | Towel ring and WC roll holder | Wall hung WC with concealed cistern and lever | Soft close seat, White | All fittings, brassware and accessories are in Gold

RIVIERA COLLECTION

Lavish. Luxurious. Exclusive.

Created in collaboration with Christian Booth Design, the Riviera Collection reignites the spirit of the 1920s with a curated selection of ceramics, vanity units and brassware. Drawing on the extravagance of the Mediterranean coasts, Riviera balances clean lines, geometric shapes and decorative embellishments to bring Art Deco designs into homes of today. Faithful to the original and entirely transitional, the Riviera Collection seeks to unite glamour, style and luxury in one comprehensive collection to inspire an Art Deco bathroom unlike any other.

Riviera dual valve, slide rail, handset and hose, and 9" shower head | Riviera 580mm D shaped basin with semi pedestal | Towel ring, shower basket and WC roll holder | Arched mirror | Round lights with tube frosted glass shades | Riviera wall hung WC with concealed cistern and lever | Riviera soft close seat | All fittings, brassware and accessories are in Chrome

Curved 1340mm freestanding vanity unit with drawers, Dark Olive with Minerva Carrara marble worktop | Regent three tap hole mixer with Kensington handles | Curved mirror | Ornate lights with vase glass shades | All fittings, brassware and accessories are in Chrome

INDULGENTLY CLASSIC

Elegant. Time-honoured. Traditional.

Known as the principles of art; balance, harmony and proportion are often cited within classic bathrooms inspired by eminent eras such as Victorian, Edwardian and Art Deco. Defined by symmetry, soft corners and structure, classic bathrooms maximise comfort with a look that's true to tradition. Embodying modern-day performance within a familiar look and feel, classic bathrooms unite form and function for elegantly refined designs.

Edwardian 1200mm basin with washstand | Three tap hole mixer with Claremont handles | Standard 440 medium level WC with Chrome cistern with flush pipe and lever | Soft close seat, White | Seat handles | All fittings, brassware and accessories are in Chrome

Bateau bath with claw feet | Deck mounted bath shower mixer with Black Kensington handles | Stand pipes | All fittings, brassware and accessories are in Chrome

AUTHENTIC CHROME

Grand. Refined. Harmonious.

As prestigious in homes of the late 1800s as it is today, Chrome finishes have continuously adorned bathrooms throughout the years with a lustrous and captivating finish. Gracefully understated or strikingly assertive, Chrome's gleaming aesthetic uplifts classic and contemporary settings with radiant design. Working in harmony with traditional bathroom fittings, Chrome adds a focal point to exude endless sophistication.

Chalfont 650mm vanity unit Black with medium roll top basin with Black legs and handle | Basin mixer with Black Claremont handles | Towel ring, WC roll holder and deep corner basket | Black aluminium framed mirror | Ornate lights with cup frosted glass shade | Standard 520 medium level WC with flush pipe and lever | Soft close seat, Matt Black | Avon exposed shower with Black handles | Trafalgar Black radiator | All fittings, brassware and accessories are in Chrome

WCs

The widest range of traditional WC options to suit your installation and match the exact look you want. Available in White with finish options of Chrome, Gold and Nickel flush pipes.

PAN OPTIONS

Choose between Standard or Regal WCs with an option of Rimless pans available across a number of our products.

Regal

At Burlington we've created a range that's taller than average sanitaryware. Regal WC pans are 60mm higher than the standard option.

Standard

Our standard WC offers a pan that is 420mm with a box rim. A popular choice for creating a traditional look in your bathroom.

Rimless

The rimless WC is exceptionally easy to keep clean. Its powerful flush covers the entire bowl, making it the most hygienic option.

QUALITY

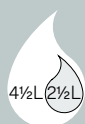

For peace of mind our WCs have the following benefits.

All Burlington close-coupled WCs are supplied with dual flush WRAS fittings.

All WCs have a unique stay-clean NANO Glaze coating, creating an ultra-smooth surface, six times smoother than standard ceramic.

All Burlington WC fittings are factory set at 3L and 6L flush. They can be adjusted on site to flush at 2½L and 4½L.

GUARANTEES

*The lifetime guarantee is subject to online registration and represents the perceived lifetime of the product which is 25 years. For full details on guarantees please visit burlingtonbathrooms.com/guarantee.

REGAL WCs

At Burlington we've created a range that's taller than average sanitaryware. Regal WC pans are 60mm higher than the standard option.

At 480mm high the taller WC pan ensures the knee angle remains at approximately 90 degrees whilst in use, which is the correct seating position. The taller WC provides a more comfortable use for taller people and the elderly whilst ensuring your WC is functional as well as beautiful too.

WC Rear Entry Options

Burlington cisterns are available with either bottom or back entry filling for flexible installation.

If you need to fill your cistern from the back, please order the below.

Back entry 520mm deep lever cistern (Code: C30)

(This deep cistern increases the distance from pan outlet to the wall by 20mm)

FLUSH OPTIONS

Our feature cistern levers are available in Gold, Nickel or Black and create the perfect finishing touch. They work beautifully with our other feature options such as WC seats, brassware and accessories.

Black Lever

To add a Black Lever please add BLA to end of the code.

Black Pull Lever

To add a Black Pull Lever (C28S cistern only) please add BLA to end of the code.

Gold Lever

To add a Gold Lever please order a SP390 GOLD.

Gold Dual Flush Lever

Available for our high level toilets only (not available on C28S cisterns)
Code: SP391 GOLD

Nickel Lever

To add a Nickel Lever please order a SP8 NKL.

Nickel Dual Flush Lever

Available for our high level toilets only (not available on C28S cisterns)
Code: SP391 NKL

Gold Flush Pipes

Available for our low level and high level toilets only.

Low Level: T31 GOLD

High Level: T30 GOLD

Nickel Flush Pipes

Available for our low level and high level toilets only.

Low Level: T31 NKL

High Level: T30 NKL

BASINS

From large double basins to compact cloakroom options, Burlington offers a wide range of basins with many styles and sizes perfectly formed to suit your traditional bathroom.

STYLE OPTIONS

Burlington has a wide range of Basin options. Select your style below.

Classic

The Classic collection from Burlington is beautifully formed, available in rectangular or square designs, complete with an invisible waste option.

Edwardian

The Edwardian collection is the ultimate in traditional bathrooms with structured corners and angular designs, the feel is unapologetic and proud.

Victorian

Delicate and refined, the simplicity of this basin is stunning whilst its versatility allows you to continue the style through your home and brings an air of luxury.

Contemporary

As the name suggests, the Contemporary collection is styled on the elegance of past times but with a modern day twist. Simplistic, structured lines form the basis for this striking ceramic collection.

Cloakroom

A choice of traditionally designed cloakroom basins to achieve a consistent look throughout the home.

BASINS

ADDITIONS

Some of our washstands have the option to add additional features including a towel rack or rail.

Towel Rails

Towel Racks

REGAL

Burlington Regal pedestals and washstands are higher than standard, making them more comfortable for taller people, the elderly or those prone to back pain.

	Standard	Regal
Classic	860mm	920mm
Victorian	840mm	900mm
Edwardian	840mm	900mm
Contemporary	840mm	900mm
Washstands	840mm	900mm

FURNITURE

A range of beautifully traditional furniture solutions to add classic style and sophisticated British elegance to your bathroom. Choose from freestanding in either square or curved design, cloakroom or fully fitted options to create the most functional space to suit your individual needs.

KEY FEATURES

Our furniture solutions are made from the finest materials and offer innovative features and smart details. Perfectly suited for the bathroom environment.

Classic

Chalfont

Riviera

The plinths of the freestanding furniture are crafted from a waterproof high density material - providing extra protection and giving peace of mind that wet floors will not lead to damage.

Available in 4 sizes and 3 colours with the design option to have wall hung or floor standing by using additional legs available in wood with matching paint finishes or in brass with a Chrome, Gold or Nickel finish to compliment the Burlington brassware ranges.

Available as floor-standing in 2 sizes and 3 colours with matching handles available in Chrome or Gold finishes.

Each of our Classic furniture pieces are prepared with 5 layers of primer featuring UV stabilisation to minimise colour fading from exposure to sunlight. The painted top coat is then applied for a glorious depth of colour.

All of our Chalfont furniture pieces have a high quality paint finish and are prepared with 3 layers of primer featuring UV stabilisation to minimise colour fading from exposure to sunlight. Followed by 2 layers of top coat for a glorious depth of colour.

Made from materials specifically selected to withstand the rigours of life in the bathroom where temperature and humidity can vary widely.

Each part is coated with five layers of primer, before the final coating is applied; this top coat is UV-resistant to reduce the effects of exposure to bright sunlight.

Unlike conventional fitted furniture, our units offer full floor to height storage providing increased space for all your bathroom cosmetics and accessories.

Chalfont furniture units pair exclusively with Burlington's natural stone roll top basins. Natural stone's beautiful and tactile appearance is also extremely hard wearing and minor scuffs and scrapes are, in most cases, easily polished and smoothed away. These basins are supplied undrilled for your preferred choice of 1, 2 or 3 tap holes.

Riviera vanity units are supplied fully assembled for simple installation, with adjustable feet to ensure stability and protect them from wet floors.

Minerva Basins

Minerva basins fit perfectly with your chosen furniture unit. Should you opt for a fitted furniture look, a Minerva worktop can be chosen to fit the length of your furniture units.

Tap holes

Minerva® worktops are supplied with an integrated bowl with overflow, and no tap holes. Tap holes are drilled by the installer in the required position and configuration. A template is provided with the Minerva® tops indicating tap hole positions and sizes.

Routine Cleaning

Minerva® does not require any specialist cleaning regimes, most dirt will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

Staining

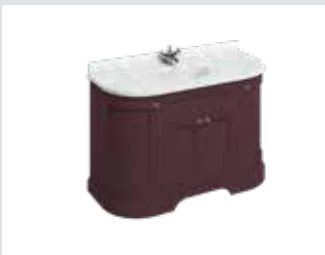

Minerva®, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse the area thoroughly.

Minerva® Care Kit

To restore your Minerva® work top to its original best use the Care Kit to buff out all tiny scratches and scuffs. The kit contains all the sanding / buffing materials and liquids required.

PAINT YOUR OWN

Should you wish, our Matt White furniture is supplied ready for you to paint, so you can transform your entire bathroom into your individual colour scheme. We've chosen some Farrow & Ball colours as suggestions displayed below. We recommend using a water based primer before an egg shell paint finish for the best effect.

BRASSWARE

Burlington brassware can be customised with a choice of 4 tap heads; Claremont, Birkenhead, Anglesey and Kensington.

We supply every tap with two Neoperl devices: A flow straightener, which is for use with low water pressures and an aerator, which is for use with high water pressures.

KEY FEATURES

Burlington brassware products have a range of key features across basin and bath taps, shown below.

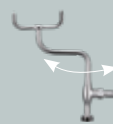

Swivelling Spouts

All our bath fillers and bath shower mixer spouts swivel - so you don't have the spout in your way when you shower.

Angled Mixers

All our bath shower mixers are available in an 'angled' version.

S Adjuster

The S adjuster allows the telephone handset to be positioned over the bath. The bath shower mixer can be installed with or without the 'S adjuster'.

Bridge Mixers

Our bridge basin mixer has a swivelling spout and allows you to have mixed hot & cold water, whilst using a two taphole configuration.

Normal

Burlington

Spouts

Normal: The underside of a bath spout of a normal, traditional bath tap.
Burlington: The underside of a Burlington bath tap with a Neoperl aerator.

STYLE OPTIONS

Choose from a wide range of tap head options in finishes of either Chrome, Gold or Nickel and choose from a range of indices in White or Black.

Gold

Nickel

Claremont

Anglesey

Birkenhead

Kensington

BRASSWARE

REGENT

Our regent base can be used on all one, two and three tap hole taps (excluding Chelsea, Stafford and CL45-QT) offering an extra 30mm of height than the standard tap base and a further 30mm away from the wall when wall-mounted.

For the full range please visit the website.

Standard

Regent

WATER PRESSURE

Our taps are designed to deliver the following maximum flows of water, regardless of the incoming water pressure:

Basin taps: 13L per minute

Bath tap: 14L per minute

Bath shower mixer: 22L per minute

Normal tap

Water flow in a normal traditional tap.

Low pressure

Low pressure water flow with a Burlington tap using a flow straightener.

High pressure

High pressure water flow with a Burlington tap using an aerator.

Quarter turn

TAP HEAD OPTIONS

Choose from a wide range of tap head options in finishes of either Chrome, Gold or Nickel and choose from a range of indices in White and Black.

All our tap heads are available in Chrome and come with White indices as standard.

Claremont: The Claremont tap head is also available in Gold and Nickel with White indices. If ordered in Chrome finish it can be paired with Black indices.

Kensington: The Kensington tap head is available in Chrome with Black indices.

Birkenhead: The Birkenhead tap head is available in Chrome and can be paired with Black indices.

Anglesey: The Anglesey tap head is available in Chrome and can be paired with Black indices.

When ordering your **tap style** add the correct code to the start of the tap code:
 Claremont add CL
 Anglesey add AN
 Birkenhead add BI
 Kensington add KE

To select an **alternative finish** add the below to the end of the code:
 Black add BLA
 Gold add GOLD
 Nickel add NKL

Examples:
 CL6 GOLD, CL6 NKL or
 CL6 BLA.

Note:

Gold and Nickel brassware cannot be paired with Black.

Visit our website to view all the collections.

Safety

We use Vernet wax capsules throughout our thermostatic brassware and showering valves, meaning temperature when in use will not vary by more than + 1 degrees.

STAFFORD

The Stafford collection cannot be paired with any other tap head options and is only available in quarter turn.

SHOWERING

Our range of showers provide extensive options to create a perfect showering solution. Whether you prefer showering over a bath or within an enclosure, our range of thermostatic valves offer safe and controllable showering for the entire family. Partner with a wide range of enclosure styles with corresponding trays.

KEY FEATURES

All our showers come as standard with the below key features.

One Way Water

Our non-return valves ensure the flow of water in only one direction, ensuring heating efficiency, preventing siphonage of contaminated water and keeping your shower cartridge in excellent condition for longer.

Airburst Shower Heads

By combining air and water, the pressure inside the shower head is increased. The power of a traditional shower head with up to 33% water saved.

Thermostatic Showering

Within the valve there is an automatic adjuster which maintains temperature by adjusting the flow of each supply. This is useful in guarding against the possibility of scalding. If for instance, someone flushes a WC whilst you are showering, the flow of hot water will immediately be closed down to compensate for the reduced cold water flow.

STYLE OPTIONS

Our showers are available with concealed or exposed valves.

Concealed

A concealed shower valve creates a clean finish as the valve is hidden behind the wall.

Exposed

An exposed shower valve is fitted onto the wall and has a more traditional feel.
